

HAPPIER. HEALTHIER. FASTER.

University specific services designed to strengthen students' mental health while connecting them to their campus resources.

STUDENT APPLICATION

Mobile tool designed to track students day to day wellbeing. Provides exercises, education, as well as the connection to campus resources to help students naturally manage their anxiety and stress.

COUNSELOR PORTAL

Counselors can review their students' application data prior to their upcoming counseling session. Designed to provide an insider's view of a student's daily life and most frequent responses and activities.

MANAGED SECURITY

Safe and secure integration with your University's Single Sign On and Multi Factor Authentication systems. Managed hosting and security by leading HIPAA and HITECH audited service provider.
